

StylusT-003 REMOVABLE TRANSFER TAPE

DESCRIPTION:

T-003 is made of a thin film of acrylic adhesive coated on to a siliconised paper liner (pale blue) and reverse wound on to special double-wall cores.

**PERFORMANCE
FEATURES:**

Because of the reverse winding T-003 can be used in easy to operate adhesive transfer tape dispensers. The low tack of the adhesive makes T-003 easy to remove from a wide variety surfaces even when exposed to UV light. Adhesive is pH neutral. T-003 is RoHS compliant relative to Directive 2002/95/EC.

**TECHNICAL
SPECIFICATIONS:**

Adhesion:	Open side	-	285gm/cm
	Closed side	-	82gm/cm
Thickness:		-	0.03mm
Temperature Range:		-	- 30°C to +150°C

SIZES AVAILABLE:

12mm x 50m individually wrapped rolls.
Packed in cartons of 72rolls and inners of 12 rolls.

APPLICATIONS:

Ideal for use in such applications as mounting signs, posters and notices and in display and merchandising where items have to be eventually removed without leaving adhesive deposits. Great for holding sample sachets inside magazine covers. It is recommended that users apply T-003 with the Stylus HT21 AT Dispenser.
